

MATCHING MANAGEMENT & DNA TAGS

MATCHING MANAGEMENT TAGS

- A visual tag that matches to your NLIS device for convenient application
- The management number marked on the NLIS tag (up to 5 digits), is printed on the visual tag
- Available in Maxi and Large sizes
- Tag can be customised to include your name, company, logo, brand, etc.

DNA TAGS

- The most secure circle of animal identification that integrates visual, electronic and DNA technology for complete traceability
- Access the latest DNA tests
- Collect a hair sample when the animal is tagged
- Ensure livestock security and provide proof of ownership
