**50MR2**  
(Adjustable dosage from 1ml to 5ml)  
SKU: 50MR2

- Accurately delivers selected dose  
- Easy grip for high volume use  
- Barrel and needle attachment are fully autoclavable  
- Streamlined design with fewer replacement parts  
- Amber-colored barrel reduces UV sunlight exposure  
- Color Knob Pack available to differentiate between medications

**LONG RANGE BARREL**  
The LR Barrel is designed for use with extended release deworming products that require a specialized plastic barrel.  
SKU: LR-BARREL

**SGNOZZLE/BARREL**  
Sheep & Goat Drench Barrel  
SKU: 50MR2 SG NOZZLE/BARREL

**25MR2**  
(Adjustable dosage from .5ml to 2.5ml)  
SKU: 25MR2

- Accurately delivers selected dose  
- Easy grip for high volume use  
- Barrel and needle attachment are fully autoclavable  
- Streamlined design with fewer replacement parts  
- Amber-colored barrel reduces UV sunlight exposure  
- Color Knob Pack available to differentiate between medications

**ACCESSORIES**

**Color Code Injection Accuracy System**

Interchangeable colored knobs let you dedicate a particular syringe to a selected vaccine or therapeutic compound to ensure proper administration and avoid mistakes.

(MUST BE ORDERED SEPARATELY)

EM Syringes

2EM
(Adjustable dosage from .25ML to 2ML)
SKU: 2EM

5EM
(Adjustable dosage from .5ML to 5ML)
SKU: 5EM

5ML Automatic self-filling syringe
- Accurately delivers selected dose
- Easy V-grip for high volume use
- Metal Luer Lock tip
- Removable barrel for cleaning
- Durable plastic design
- Amber-colored barrel and tubing reduce UV sunlight exposure

LD.3EM-BT
(Adjustable dosage from .1ML to 3ML)
SKU: LD.3EM-BT

2EM & 5EM Tube Fed Syringes
- Automatically self-filling with bottle attachment
- Heavy-Duty Bottle Cage for bottle protection (50ML & 100ML bottles only)
- Accurately delivers selected dose
- Easy V-grip for high volume use
- Metal Luer Lock tip
- Removable barrel for cleaning
- Durable plastic design
- Amber-colored barrel reduces UV sunlight exposure

2EM & 5EM Bottle Fed Syringe with Universal Bottle Adapter
- Automatic self-filling with universal bottle adapters
- Five Color coded “Universal Bottle Adapters” included
- Universal Bottle Adapters enable multi-size bottles to fit on the syringe
- Metal Luer Lock Tip
- Removable barrel for cleaning
- Durable Plastic Design
- Amber-colored Barrel reduces UV sunlight exposure

2EM-BT-UBA
(Adjustable dosage from .25ML to 2ML)
SKU: 2EM-BT-UBA-GRAY

5EM-BT-UBA
(Adjustable dosage from .5ML to 5ML)
SKU: 5EM-BT-UBA-GRAY

UM Syringes

1UM-T
(Adjustable dosage from .1ML to 1ML)
SKU: 1UM-T

2UM-T
(Adjustable dosage from .1ML to 2ML)
SKU: 2UM-T

2UM Bottle Fed Syringes
- Heavy-Duty Bottle Cage for bottle protection (50ML or 100ML bottles only)
- Adaptable to tube feed
- Accurately delivers selected dose
- Easy grip for high volume use
- Steel plunger (no O-ring) with precision glass barrel
- Adjustable pin-lock handle design

5UM-BT/T
(Adjustable dosage from .5ML to 5ML)
SKU: 5UM-BT/T

5UM Tube Fed Syringe
- Automatic self-filling tube feed
- Adaptable to bottle feed
- Accurately delivers selected dose
- Ergonomic grip for comfort
- Steel plunger (no O-ring) with precision glass barrel
- Adjustable pin-lock handle design

5UM-B
(Adjustable dosage from 1ML to 2ML)
SKU: 5UM-B

5ML Automatic self-filling syringe
- Adaptable as a tube feed syringe or bottle top syringe
- Steel Plunger (no O-ring) with precision glass barrel
- Adjustable pin-lock handle design for easy conversion
- Heavy-Duty Bottle Cage for bottle protection (50ml & 100ml bottles only)

5UM-BT/T Automatic Syringe
- 5ML automatic self-filling syringe
- Adaptable as a tube feed syringe or bottle top syringe
- Steel Plunger (no O-ring) with precision glass barrel
- Adjustable pin-lock handle design for easy conversion
- Heavy-Duty Bottle Cage for bottle protection (50ml & 100ml bottles only)

5UM-BT-T Automatic Syringe
- 5ML automatic self-filling syringe
- Adaptable as a tube feed syringe or bottle top syringe
- Steel Plunger (no O-ring) with precision glass barrel
- Adjustable pin-lock handle design for easy conversion
- Heavy-Duty Bottle Cage for bottle protection (50ml & 100ml bottles only)
**Draw-Off Injection Syringes**

### SVM Draw-Off Injection Syringe
- Automatic self-filling tube feed
- Accurately delivers selected dose
- Easy grip for high volume use
- Piston and O-ring plunger
- Amber-colored barrel and tubing reduce UV sunlight exposure

**5VM**
- Adjustable dosage from .5ML to 5ML
- SKU: SVM

**10VM & 20VM**
- Automatic self-filling tube feed
- Designed to be used as an injector or drencher
- Accurately delivers selected dose
- Easy V-grip for high volume use
- Easy to adjust handle tension for improved performance
- Durable metal and plastic design
- Double O-ring piston
- Easy-to-clean external valves and removable piston shaft
- Amber-colored barrel and tubing reduce UV sunlight exposure

**20VM**
- Adjustable dosage from 1ML to 20ML
- SKU: 20VM-S

**10VM**
- Adjustable dosage from .5ML to 10ML
- SKU: 10VM-S

**5VM & 20VM**

  - SKU: S-NOZ
Allflex HSW EM
Fixed Dose Syringes

- Automatic self-filling syringe for injection
- Fixed Dose .5ml (Gray), 1ml (Red) and 2ml (Black)

Syringes are fixed at the specific dosage for each model, for accuracy in dispensing medications and vaccines. The dosage cannot be changed or adjusted with these models. These syringes have an accuracy guarantee of +2% to dispense the set dosage.

.5ml EM Fixed Dose UBA (Universal Bottle Adapter)
White (20mm) and Blue (30mm) Bottle Collar
SKU: .5EM-BT-UBA-FD (Color = Gray)

1ml EM Fixed Dose UBA (Universal Bottle Adapter)
White (20mm) and Blue (30mm) Bottle Collar
SKU: 1EM-BT-UBA-FD (Color = Red)

1ml EM Traditional Tubing
White (20mm) and Blue (30mm) Draw-Off Caps, Hose 1.8 meter (clear)
SKU: 1EM-FD (Color = Red)

2ml EM Traditional Tubing
White (20mm) and Blue (30mm) Draw-Off Caps, Hose 1.8 meter (clear)
SKU: 2EM-FD (Color = Black)

Syringes available individually or in cases of 25

Multi-Purpose Dosing Instruments

12.5ML, 30ML, 70ML Luer Tip Injector,
5.5” Drencher Nozzle, Pour On Tip

- Automatic self-filling syringe
- Easy set dial-a-dosage with easy view dosage window
- Tips included for Injector, Drencher and Pour On applications
- Removable barrel for cleaning
- Replaceable front valve and spring with lock-in-place feature
- Durable Plastic Design
- Easy V-grip for high volume use
- Amber Colored Barrel reduce UV sun light exposure

12.5EM-SDP
(Adjustable dosage from .5ML to 12.5ML)
SKU: 12.5EM-SDP

30EM-SDP
(Adjustable dosage from 5ML to 30ML)
SKU: 30EM-SDP

70EM-SDP
(Adjustable dosage from 7.5ML to 70ML)
SKU: 70EM-SDP

**The Market’s First Lightweight, Ergonomic Compact Double Barrel Plastic Syringe**

- Simultaneous vaccination of two products independently
- Premium quality plastic syringe with durable plastic barrels
- Reusable - The only plastic syringe that can be boiled
- Ergonomic, lightweight design for comfort and ease of use
- Bottle mount and/or tubing connection
- Adjustable barrel orientation for comfort and different bottle sizes

- Unique Patent Pending Needle Nut Swivel Design

Needle distance can be adapted to the age, size and species of the animal. Seven different distances:
- 20mm - 21.1mm - 22mm - 28mm - 32mm - 34.9mm - 36mm
- Four Fixed Dose Barrel combinations available.

**Package Includes:**

- Two Universal Bottle Collars (20mm & 30mm)
- Two Universal Spigot Draw-off Collars (4-6mm)
- Two soft PVC tubing

**10vm & 20vm Drenchers**

- Automatic self-filling tube feed
- Designed to be used as an injector or drencher
- Accurately delivers selected dose
- Easy V-grip for high volume use
- Easy-to-adjust handle tension for improved performance
- Durable metal and plastic design
- Double O-ring piston
- Easy-to-clean external valves and removable piston shaft
- Amber-colored barrel and tubing reducing UV sunlight exposure

**70ml & 200ml Drenchers**

- Durable barrel with metal push rod and piston
- Dosage calibrations controlled by distal screw
- Easy-to-use grip

**10ml, 20ml & 50ml Nylon Syringes**

- Durable clear nylon construction with comfort handle
- Metal Luer Lock Tip and Plunger Shaft
- Visible barrel scale with dosage increments
- Fully boilable for disinfection
- Individually packaged including spare O-ring parts
- Available in 10ml, 20ml and 50ml

**10ml Nylon Syringe**

- (Adjustable dosage from 1ml to 10ml)
- SKU: TU MASTERLINE-10ML

**20ml Nylon Syringe**

- (Adjustable dosage from 1ml to 20ml)
- SKU: TU MASTERLINE-20ML

**50ml Nylon Syringe**

- (Adjustable dosage from 5ml to 50ml)
- SKU: TU MASTERLINE-50ML
**ACCESSORIES**

**SG-Nozzle**
SG-Nozzle threads into the luer lock syringe to make a syringe into a drencher for sheep and goats  
SKU: SG-NOZZLE

**Back Pack**
2.5 Liter Back Pack: SKU: BACK25  
5 Liter Back Pack: SKU: BACK5L

*Back Pack comes with straps*

**Draw Off Color Coded Caps**
- 20mm (white): SKU: HD20W  
- 30mm (blue): SKU: HD30B  
- 33mm (green): SKU: HD33G

**Extension Syringe**
- Allows for increased distance to breeding animals  
- Enhances user safety  
- Long lasting strong and durable carbon-metal design  
- Heavy metal luer needle lock  
- Ergonomic and lightweight  
- Optimized for use with Allflex syringe line

SKU: SYR-EXT29CM

**Injection Bar for Swine**
- Allows for increased distance to breeding animals  
- Enhances user safety  
- Reduce user exposure to crates and gating  
- Time saving for mass vaccinations  
- Long lasting strong and durable Carbon-metal design  
- Heavy metal luer needle lock  
- Kink protection for tubing  
- Ergonomic and light weight  
- Optimized for use with Allflex syringe line

SKU: SE17

**Bottle Holders**
- Constructed of premium quality Neopreme  
- Hanging/Belt and Arm models available  
- Designed to fit and protect medicine and vaccine bottles  
- Prevents or reduces vaccine temperature fluctuations  
- Protects glass bottle from outside impact  
- Shields vaccine from harmful UV lights  
- Easy and comfortable use  
- Built in needle holders from convenience  
- Three sizes available: Small, Medium and Large

SKU’s: HSW-BH-ARM SMALL HSW-BH-ARM MEDIUM HSW-BH-ARM LARGE HSW-BH-BELT SMALL HSW-BH-BELT MEDIUM HSW-BH-BELT LARGE

**CARE AND USE**

**SYRINGE CLEANING & MAINTENANCE**
Proper care can extend the life of your Allflex syringe. After use, or when switching medications, the cylinder and feed tube should be thoroughly cleaned. Note: See Frequently Asked Questions for boiling technique.

1. **Add 4-5 cc of detergent to one quart of hot water. Note: When using modified live virus vaccines, use caution selecting detergent. Avoid antibacterial/ disinfectant soap as it may harm the vaccine.**
2. **Set the dosage system on maximum and briskly pump the hot detergent solution through the medication reservoir, feed tube and instrument.**
3. **Rinse by pumping clean water through the reservoir, feed tube and instrument until water is expelled.**
4. **Pump dry and remove the tubing.**
5. **To maintain the O-rings and valves, periodically lubricate the syringe with a small amount of castor oil or vegetable oil. Note: Do not use mineral oil, silicone, WD40, glycerin or alcohol. Petroleum-based products harden the rubber rings and valves, reducing the life of the components.**

**USING A TUBE FEED SYRINGE**

1. **To attach a medication reservoir:**
   - Position the dosage indicator to approximately half the capacity of the cylinder.
   - Pump the handle until the medication is expelled from the needle or nozzle in an unbroken stream. To avoid loss of medication during priming, insert sterile needle or nozzle into the neck of the container.

2. **Attach end of the amber tube to the selected draw-off cap**
3. **Attach one end of the amber tube to the 2.5 liter back pack**
4. **Loosen dose adjustment lock nut**
5. **Turn dosing adjustment screw to set the required dosage. Retighten lock nut**
6. **Handle spring pressure can be adjusted for comfort and tension**

*We no longer accept returns on products shipped to swine facilities as part of our biosecurity commitment.*
MASTERLINE SYRINGES
From Destron Fearing™

ROUX REVOLVER 50ML SYRINGE
- Proven Pistol Grip Design
- Durable Metal Construction with a glass barrel
- High quality for long service life

SKU: 50ROUX-DF

BOTTLE MOUNT/TUBE FEED 2ML INJECTOR SYRINGE
- Automatic self-filling syringe with luer lock tip
- F-Grip design for high volume use
- Adaptable for bottle or tube feed configurations

SKU: 2FGRIP-BT/T

SKU: 6VGRIP-BT/T
